

2/3/15

## 1.1E1GHTC3c

- 1) This process was fun and freeing. It let me explore and make choreography I wouldn't have otherwise thought of.
- 2) The dance self portrait had moments of dance genre's I enjoy but was not all of what I would like to do. It definitely did show my personality and showed myself.
- 3) I learned that there are interesting ways to make choreography that I probably wouldn't have thought of.
