

1.2 Eight 3e

Anaia Cayode

2/24/15

Based on the feedback I received two things I'm going to clarify in my solo is my tempo in relation to steps also my ability of executing steps.

- I chose to improve at first thinking of those 4 words and whatever I liked I went for it.
- I chose accumulation translate and repetition. I feel like these things help me betray the idea of a journey.
