

Reflect on your project

1. How did you use the iMovie app to tell others what you think?

well we got images soon  
shot a video I planned  
a storyboard and  
used our script and  
did narration and zoomed

2. What did you learn about movie making?

That you shouldn't be  
the boss and work  
with your team.

3. What are some other ways that you could use what you have learned?

We could've made  
student 1 go first  
and then me then  
student 2 at the  
end and put music  
and a few more images.

that's how we  
planned our  
storyboard.
