How does my individual movement relate to the theme?

My movement relates to the theme because I am one part of the mosaic and community. My moves will build off of each other like a community

How does my individual movement support our group artistic statement?

My individual movement will support our group artistic statement because I will incorporate shapes with my body

Mosaic	a picture or pattern made by arranging stone, tile, or glass
Community	a group of people living in the same place a feeling of fellowship with others that come from sharing common attitudes, interests & goals

How can the concepts of Mosaic and Community be combined to create choreography?

Σ a group of people ~~from~~ from the same place can use their bodies to form a picture.
