

1.2 Eightle

2/24/15

Based on the feedback that I recieved these are 2 things I am going to clarify in my solo is to do more level changes. To make my movement smaller or bigger and to clarify it more.

- Thought of what ~~best~~ movement looked good for the action word
- Improved
- I thought ^{of} what the action word meant to ~~be~~

• Notation

strong movement: lean forward, spread your arms out. step together and lung in 3rd position. Then step back (a).
