## PLACES THAT ARE IMPORTANT TO ME

**BRAINSTORM A LIST OF PLACES THAT MEAN A LOT TO YOU**

Don't stop to think about the places. Just make a list of everyplace you have been or would like to go. Think of indoor and outdoor places. Think of natural and manmade places. Think of places where you go to do something, to watch something, or just to sit and do nothing at all. Think of places you might go with other people and places you go to be all alone.
