

# Ideas I Might Use for My Artwork about a Place

The Corn Room or Iowa

I want some  
A house with some ~~pictures~~  
corn behind it  
A barn with hay and two pigs, and cows,  
some birds.  
Take fishing line and make  
Some of the birds fly. To make  
the barn and house stay up  
we can screw some pegs to  
the back, and we will put some  
wood on the bottom so when  
we nail or screw stuff into  
the box it will go into the wood.  
The box will be one of the fort  
box size. It has to be big. We  
may have to paint the box  
and wood, or just the wood brown.
