PEER	GLOW - Strength One strength in your art is...	GROW - Suggestion One suggestion I have is...
1 initial <u>DM</u>	The concept of bullying through newspaper words.	create more focus or decoration in the middle of the artwork
2 initial <u>EI</u>	The grey color shows greatly for bullying, and have the colorful part be colorful.	Make it clear to what the middle part is.
3 initial <u>ED</u>	The focal point is right on great too	nothing that I can think of
4 initial <u>HB</u>	I love your concept and idea, the color choices are wonderful.	In the empty heart maybe put nice, encouraging words?
